

Treasury Department,

BUREAU OF THE MINT.

Washington, D. C.

March 4

, 1887

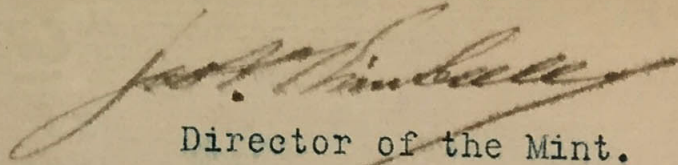

Sir:

In the new Regulations (page 18) you will observe the provision made for a special seal, to be issued to each mint by the Director of the Mint, for sealing parcels containing coin for the pyx of each mint.

It is proposed to have these seals prepared by the engraver of your mint, and that each seal shall be distinctly lettered with the name of the mint, and with the words "Annual Trial of Coins", with such devices as may be selected.

I would therefore like to have a design made by your engraver for your mint and submitted to me as early as practicable, with the view of having all conform to the same, differing simply in the lettering in the case of each mint.

Very respectfully,

Director of the Mint.

Hon. Daniel M. Fox,

Superintendent U.S. Mint,

Philadelphia.
